

# All Star Player Nomination

AYSO Region 678

October, 2007

AYSO Region 678 is excited to be participating in the upcoming All Star Season. In order for the program to be successful, it is important for all coaches to nominate qualified players.

As such, we are requesting that each coach nominate players from his/her team that are qualified to play at a higher level of competition. **(U10-2 players, U12-3 players, U14-4 players)** Obviously, the candidate pool in each division will be quite large and many players will not be chosen to participate on an All Star Team. **Thus, it is imperative that NO commitment be made to any player or parent on the coach's behalf that would give the impression that a player has been selected to participate on an All Star team.**
